**Triumph's MAS IT Category Offerings**

Triumph Enterprises, Inc.'s (Triumph's) GSA MAS offers Government agencies a streamlined way to procure effective solutions and optimize the lengthy procurement process.

The IT Category under GSA's MAS is the Government's go-to source for technology acquisitions and is broadly recognized for its benefits of cost savings, time savings, selection, and built-in value.

Our GSA MAS IT offering provides rapid and efficient access to Triumph's experts who have extensive experience in planning, analyzing, managing, and executing IT initiatives. In addition, our experts provide IT Security, data management and risk management support.

We provide services under the following SIN:

**54151S IT Professional Services**

Professional services include resources and facilities management, database planning and design, systems analysis and design, network services, programming, conversion and implementation support, network services project management, data/records management, and other related services.

**54151HACS**

The scope of the HACS SIN includes Risk and Vulnerability Assessments (RVA), Security Architecture Review (SAR), and Systems Security Engineering (SSE). Additionally, the scope of the SIN includes services for the seven step Risk Management Framework (RMF), and Security Operations Center (SOC) services.

**GSA MAS IT Category Benefits**

This contract vehicle offers the following features and benefits:

- Applicable Government-wide use, every federal agency may use this contract vehicle for comprehensive IT support services and innovative solutions
